

# GEIST™ SWITCHAIR AIRFLOW MANAGEMENT DEVICE

## Quick Installation Guide

### Models:

SA1-09001

### Switch Type:

Side air intake-side air exhaust 9U switch or two devices with an 18U switch

**CAUTION:** Ensure the required airflow for safe operation of equipment is not compromised when installing the Geist SwitchAir device.

**WARNING:** Take precaution to avoid interference with the switch's input power cords when installing behind a live switch.

### 1. Installing the device into the rack

Insert the SwitchAir 9U device at the same U height as the Cisco switch. Using customer provided hardware, attach the air deflector to the rack with two cage nuts and screws.
